6 EYES GRIFFIN TASK FORCE BRIEF

Colonel Eric Lièvre

6 EYES GRIFFIN TASK FORCE CHAIRMAN

March 2004

Background

Network MIWG 13 Minutes :

The MIC Griffin Task Force needs to scope the resources required for the implementation of technical, procedural and Infosec aspects that will need to be addressed for France and Germany to join Griffin.

Objective :

To form a 6 Eyes Griffin Domain Project to deliver Secret Email with attachments, based on the MIC ConOps.

Accomplishments

- ✓ The 6 Eyes Griffin Domain Task Force was established in November 2002, and met in Feb 2003, Dec 2003 and Mar 2004.
- ✓ 6 Eyes Griffin Domain TF drafted :
 - ✎ Terms Of Reference
 - A Business Caseboth endorsed by Network MIWG.

Recommendations (1/4)

Network Architecture

1. The network architecture for 6 Eyes Griffin will replicate the 5 Eyes Griffin structure.
2. The US DISN will be used to provide the backbone.
3. An electronic directory same as 5 Eyes.

Security

4. An INFOSEC Team, supporting the 6 Eyes Griffin Domain TF to be established

Recommendations (2/4)

Network Management

5. Network Management to be same as 5 Eyes.
6. Network management centre will be in the US collocated with the 5 Eyes domain.

Release of Information

7. An information exchange MOU is required

Recommendations (3/4)

Governance

8. Management structure required for the 6 Eyes Griffin domain.

Acquisition

9. 'Fair share funding' arrangement recommended.

Recommendations (4/4)

Acquisition

10. Foreign Military Sales acquisition requires fast-tracking.

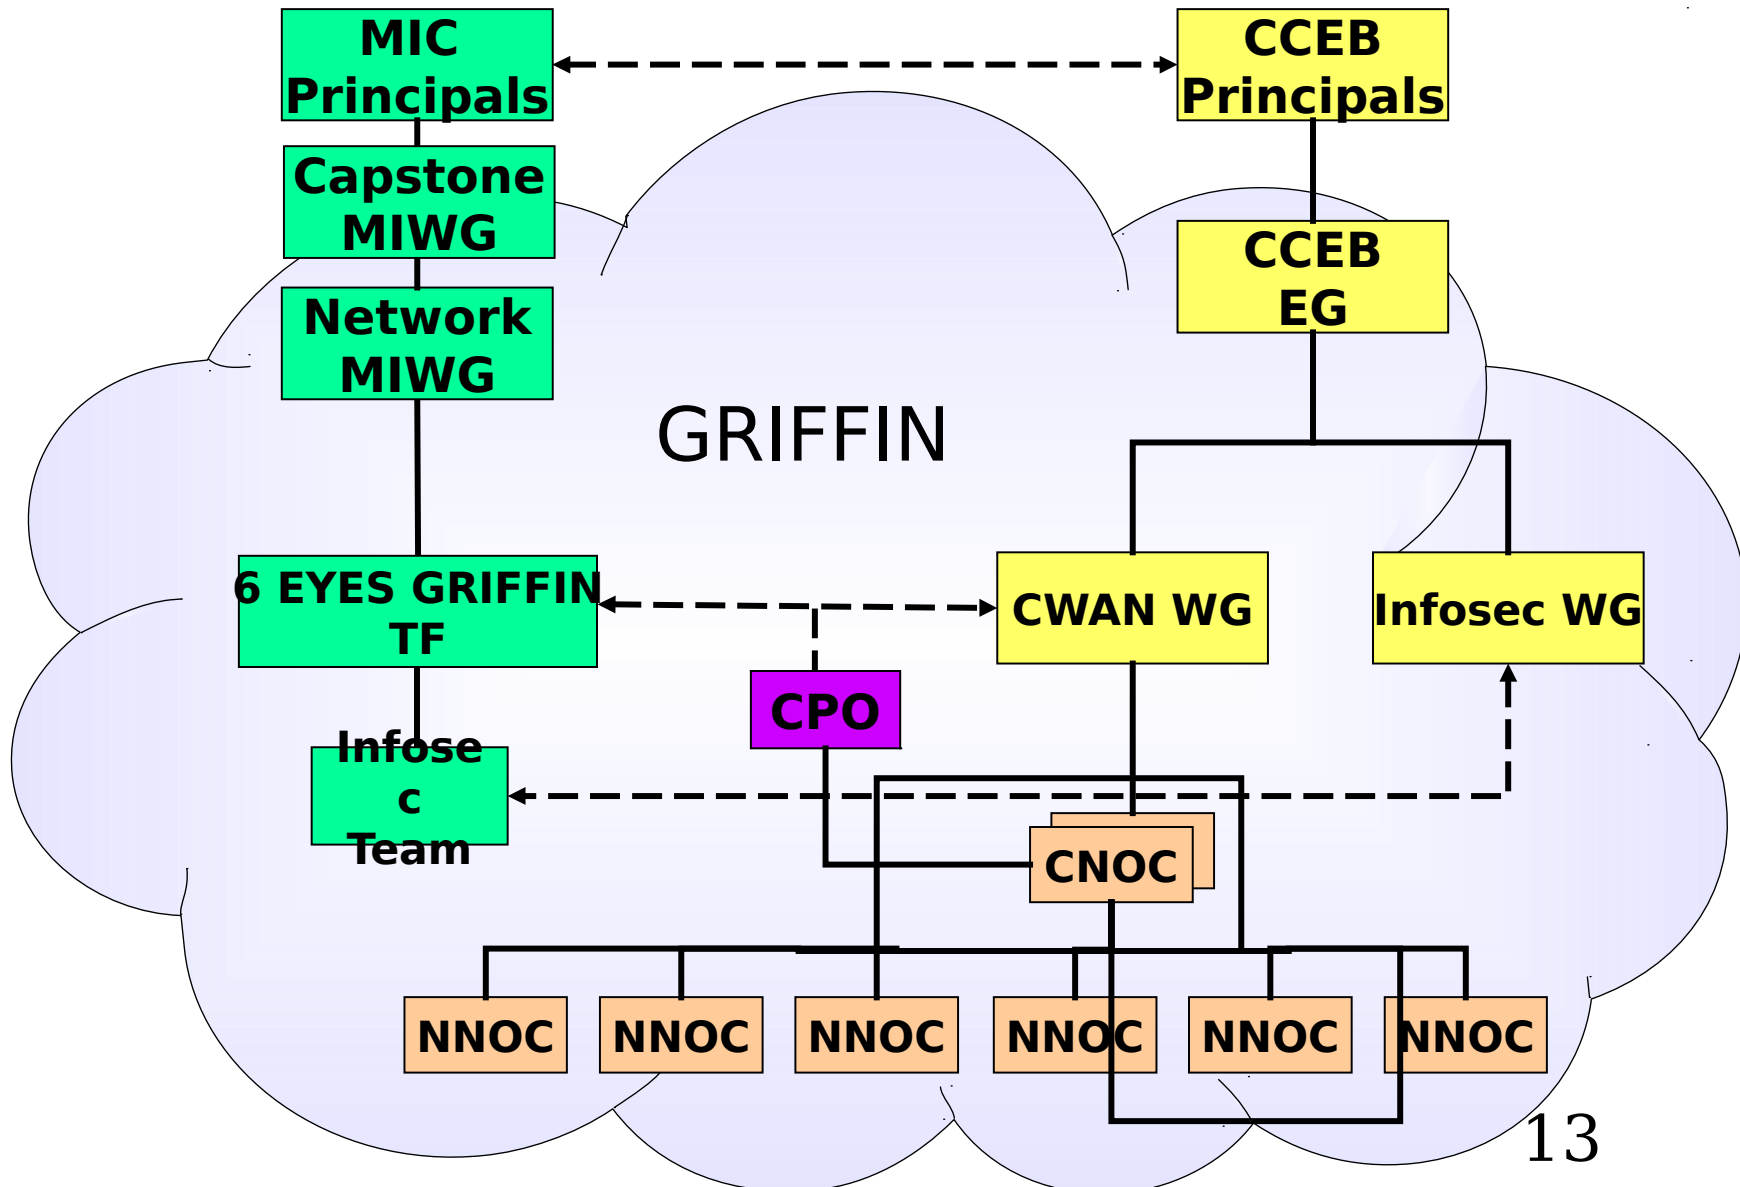

Testing

11. Testing over CFBLNet beginning early 2005 coordinated by the CPO.

Objectives

- ✓ Defined IOC as secret e-mail with attachments between France, Germany and one other
- ✓ Proposed IOC target date : June 2005
- ✓ FOC no later than 2007
- To meet IOC :
 - ☞ Business Case approval mid April 2004
 - Testing period at the beginning of 2005

Governance Relationships

Issues

(To meet IOC of June 05)

- 👉 Information Exchange MOU
